FIFTIETH ANNIVERSARY

1924-1974

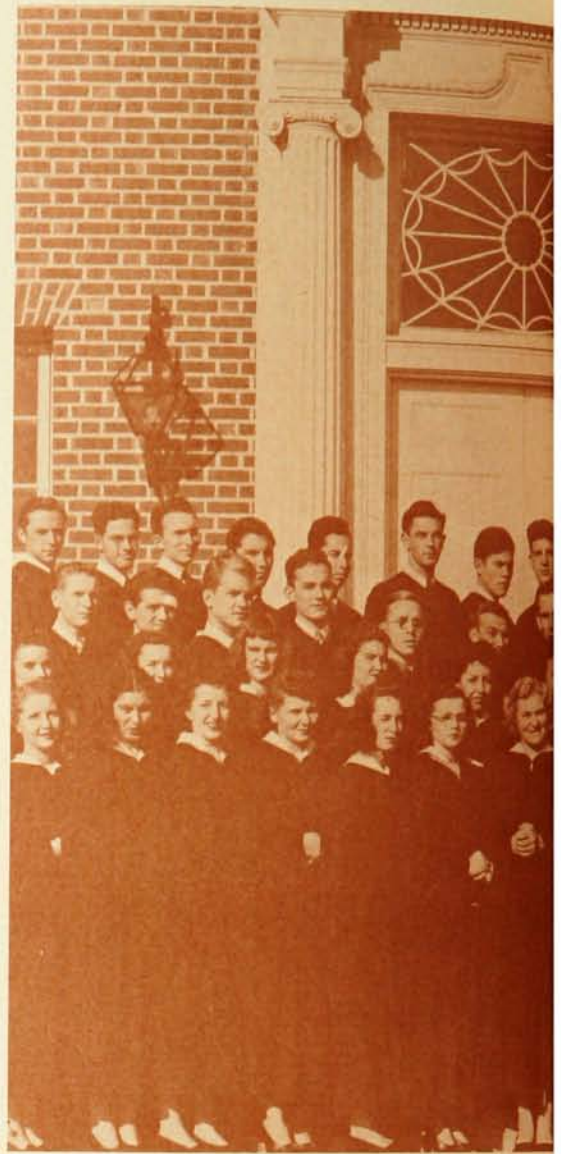

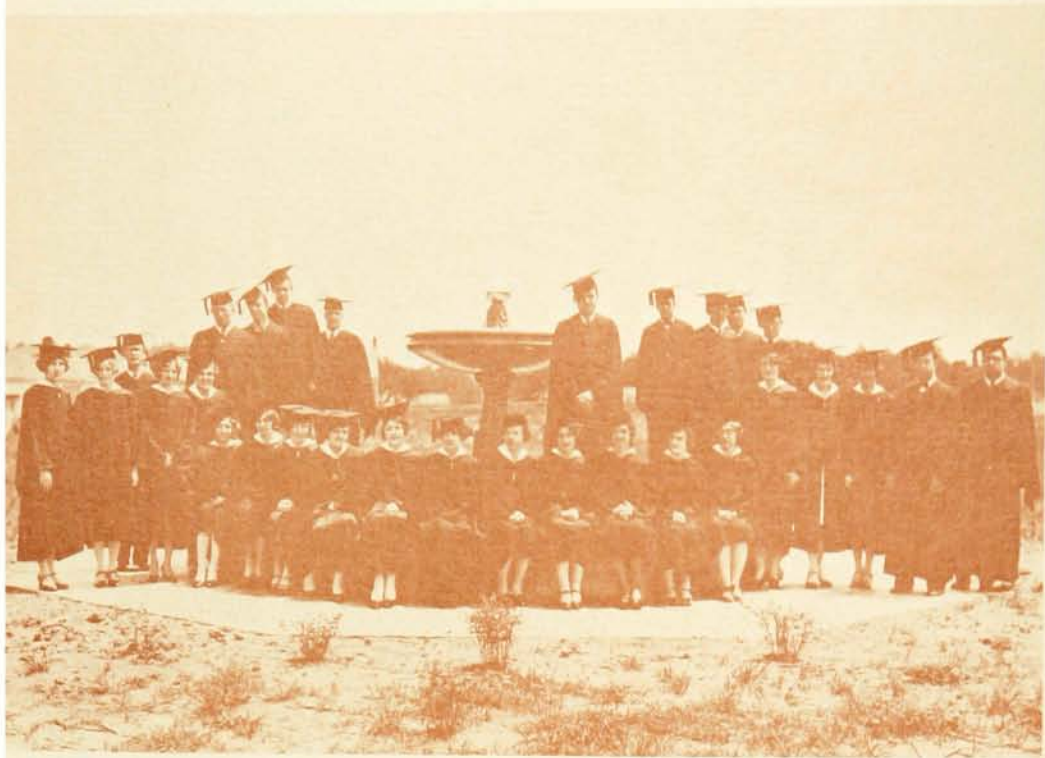

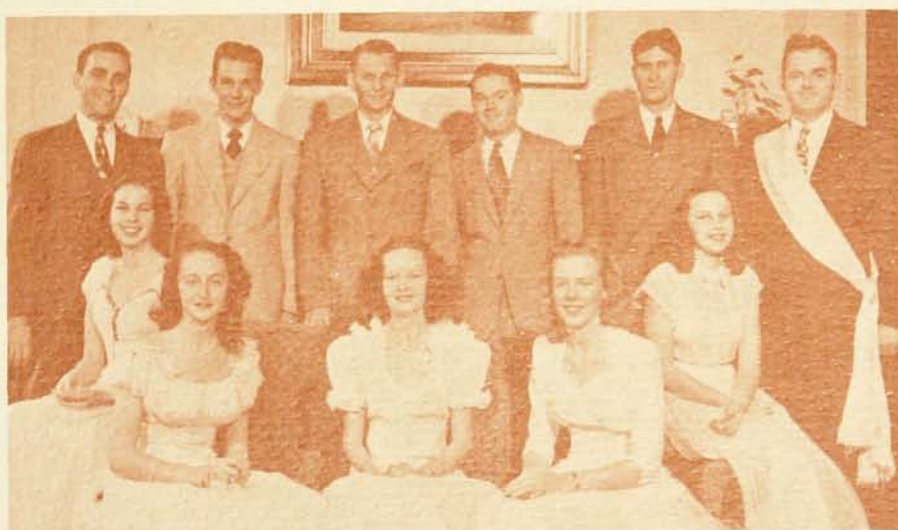

Birth brings freshness, vitality, and hope. With birth begins a period of learning, growth, and change. We call this life. The life of an institution revolves around the life of its many parts, all of which provide input and stimulus to either forge ahead or slide backward. As the parts change, inevitably so must the institution for life to move forward. Change can bring renewed freshness and vitality if responsible, or it can weaken and destroy if rash and thoughtless. It must never occur just for the sake of change for this condemns the very renewed freshness and vitality which can be its benefits.

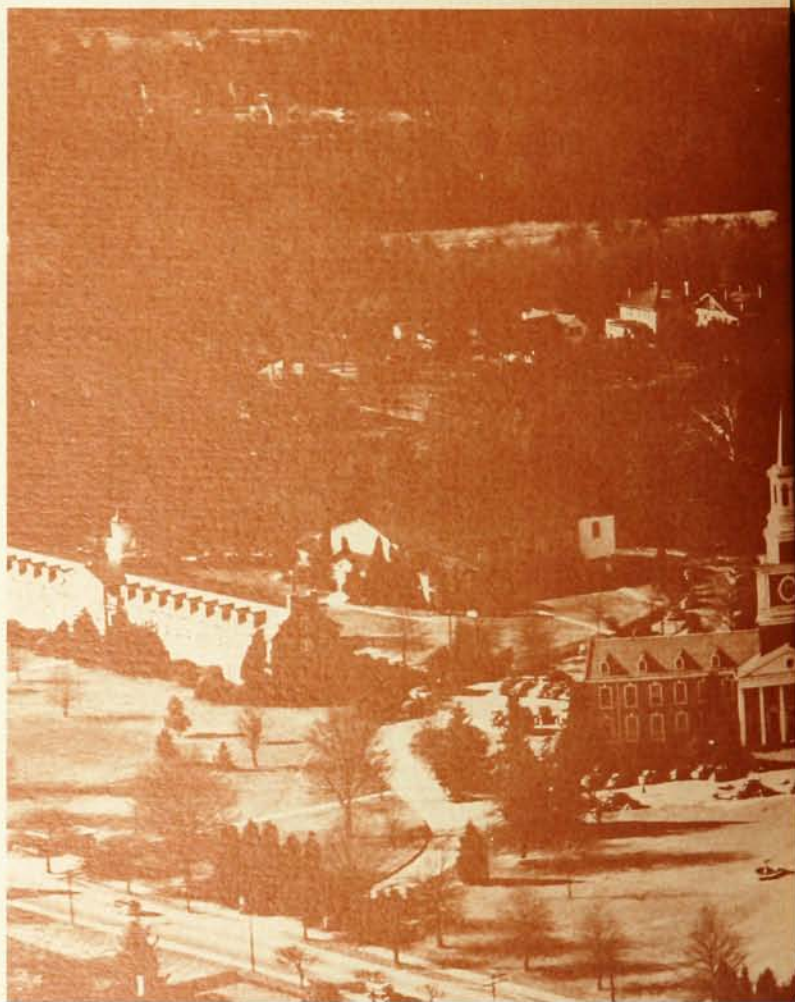

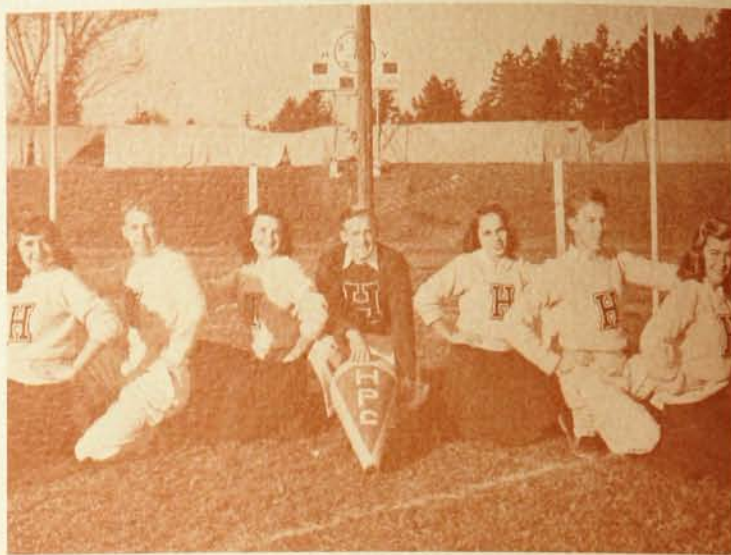

We look at our past
and see great change. We
see things for which to
rejoice, and we see things
we would like to forget.

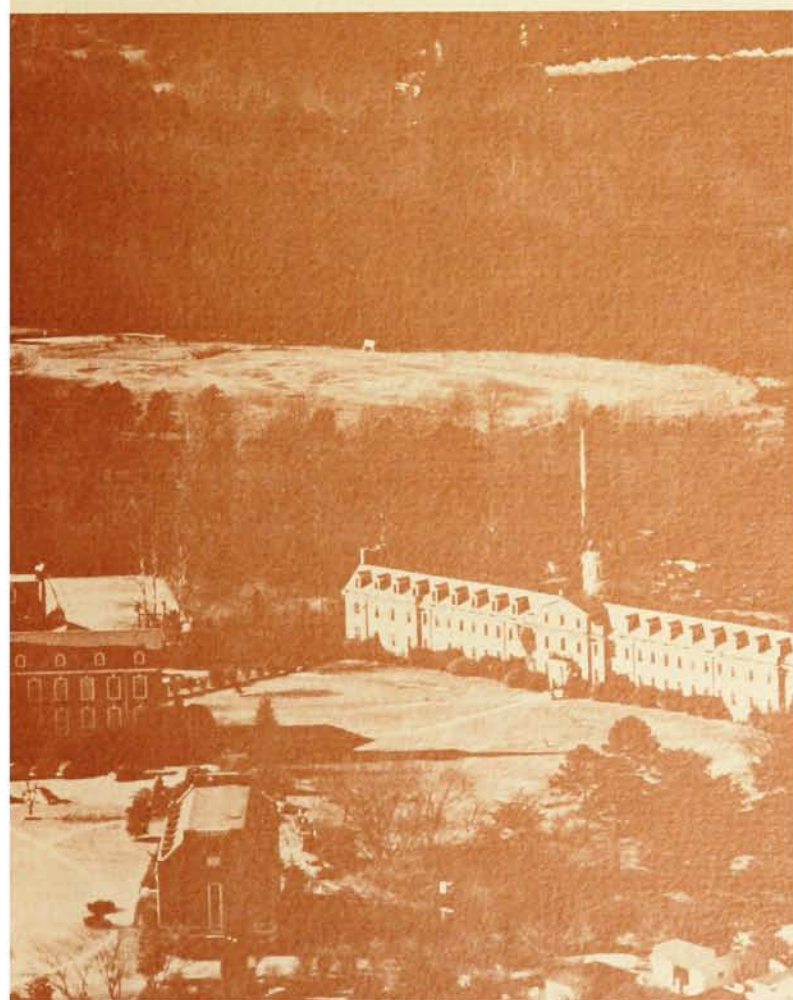

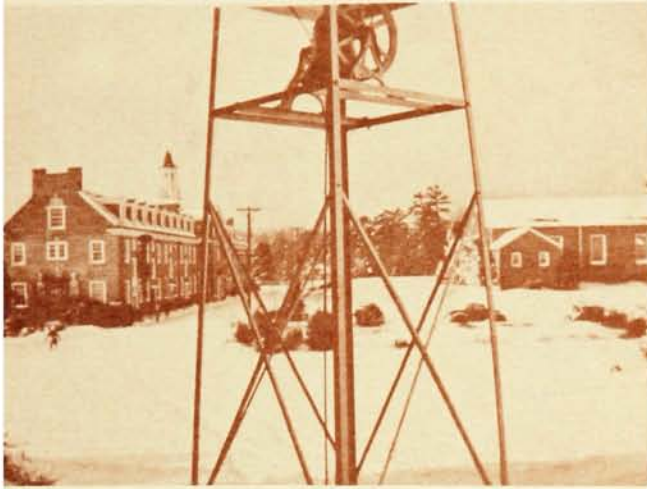

Reflection is healthy; however, we must remember the sands of time allow very little opportunity for hindsight. Time goes on, so must we.

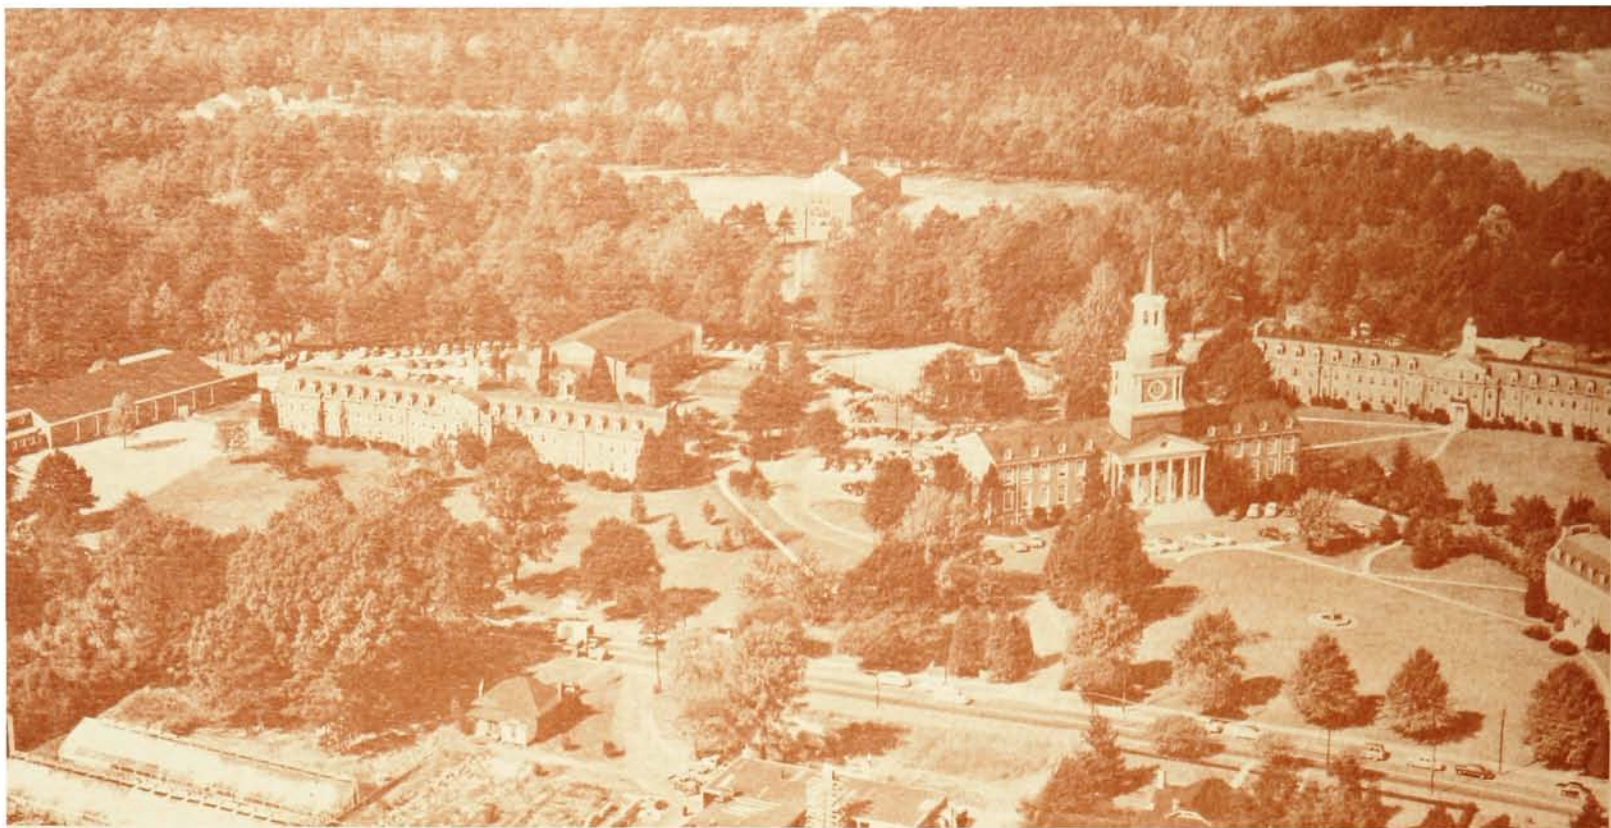

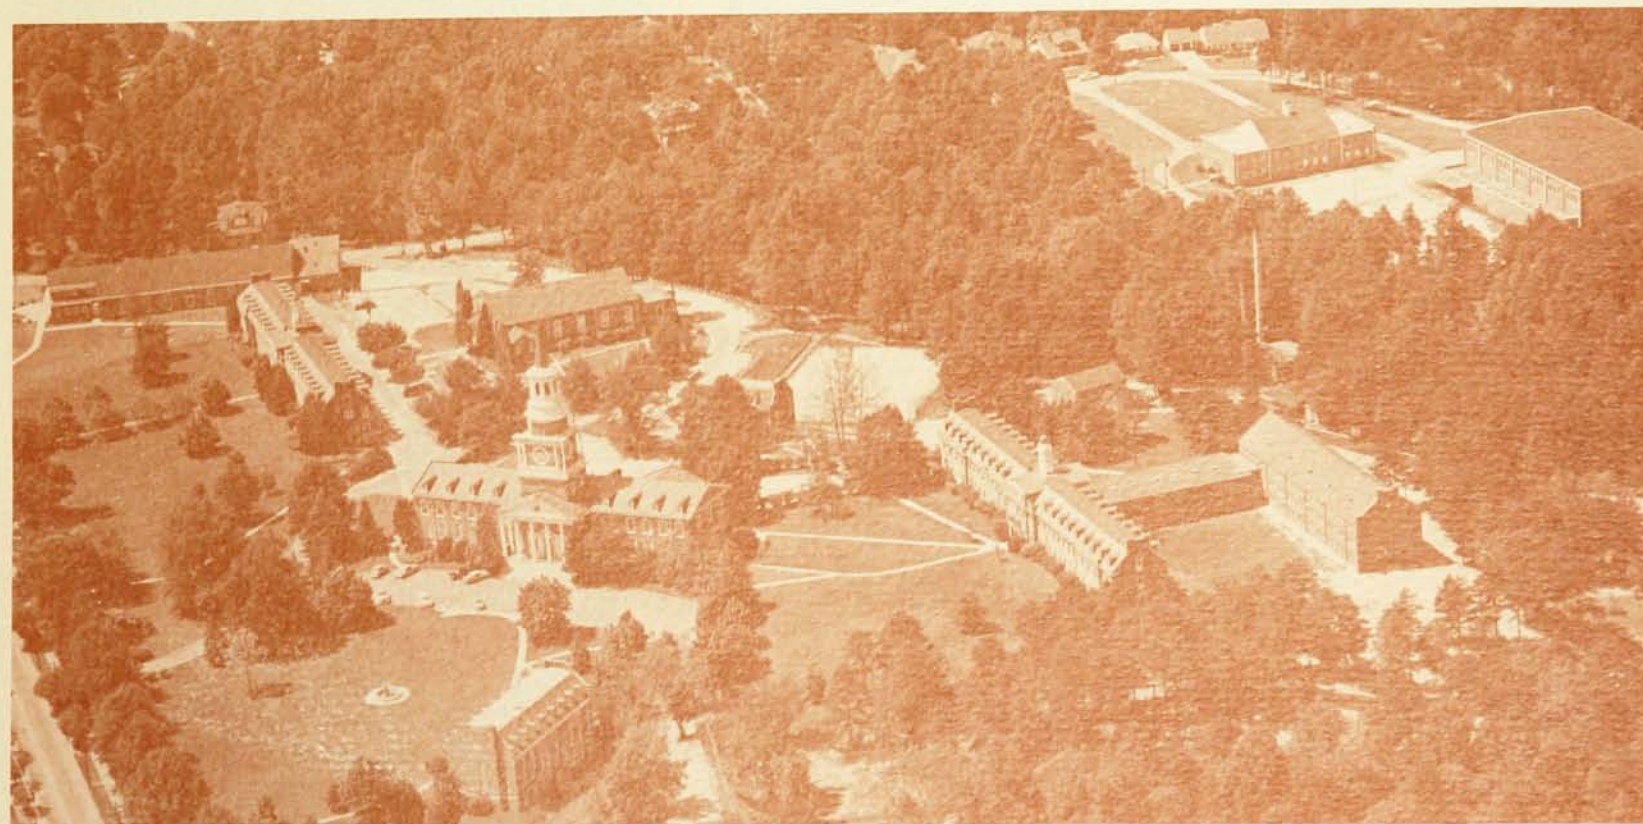

We must not forget our past, but
learn from it. We must look forward to
the new heights and challenges of life.

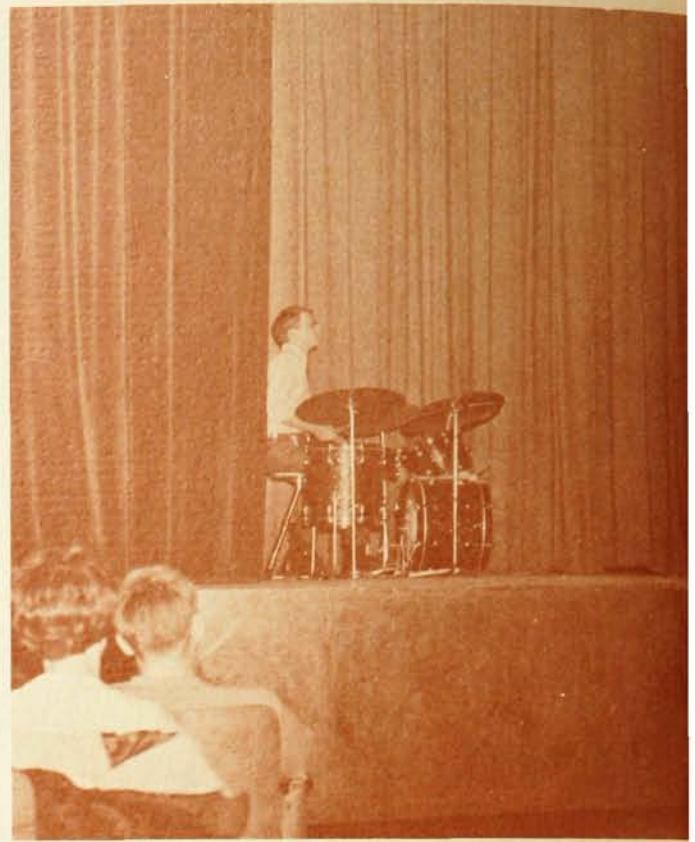

Fifty years ago,
High Point College
first opened its
doors to those
who wished to
seek the new
heights and challenges
of life.

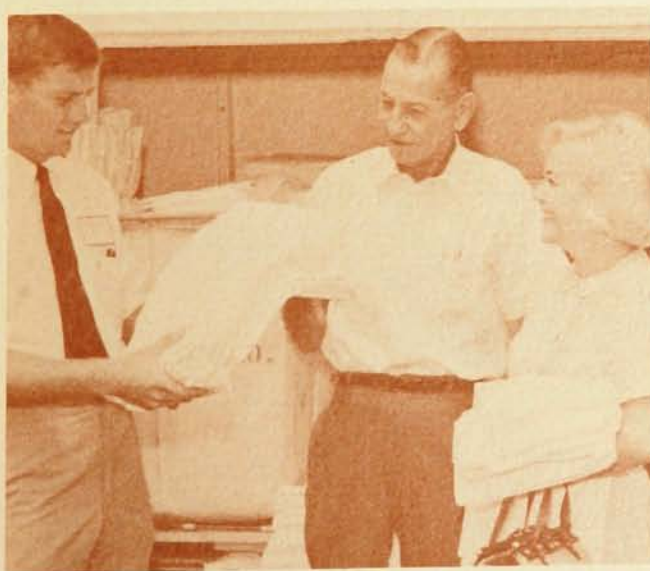

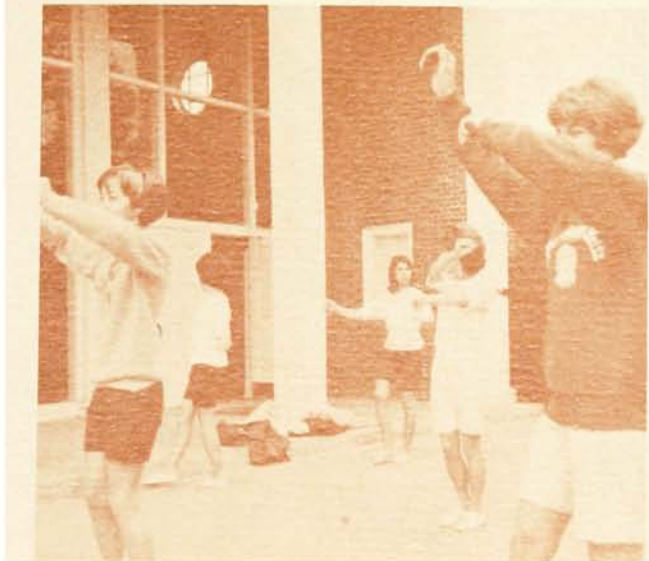

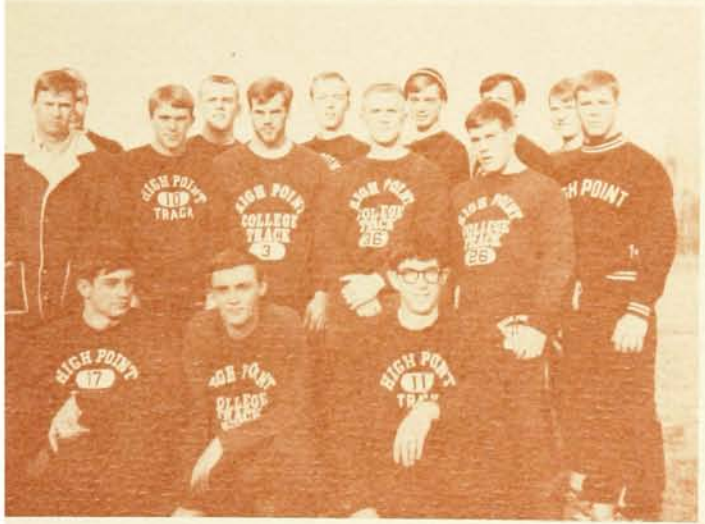

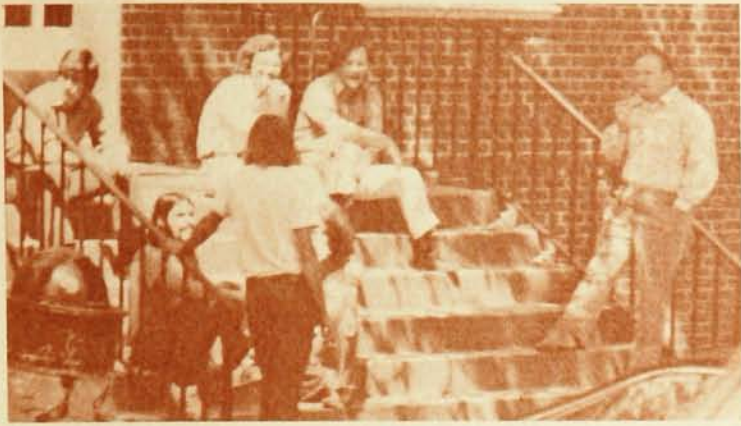

They learned that the time we are allotted is very precious. There is much that must be done.

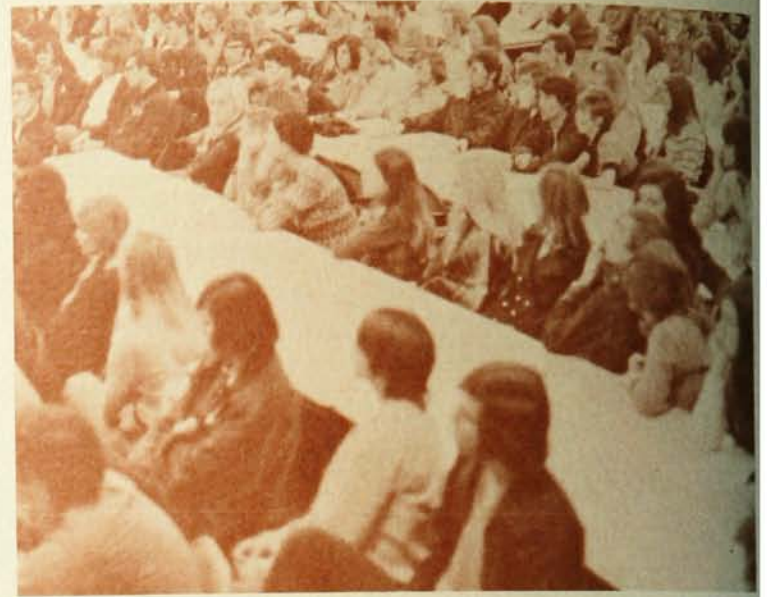

Summer will turn
to fall, fall to winter,
winter to spring, and
spring in turn to
summer.

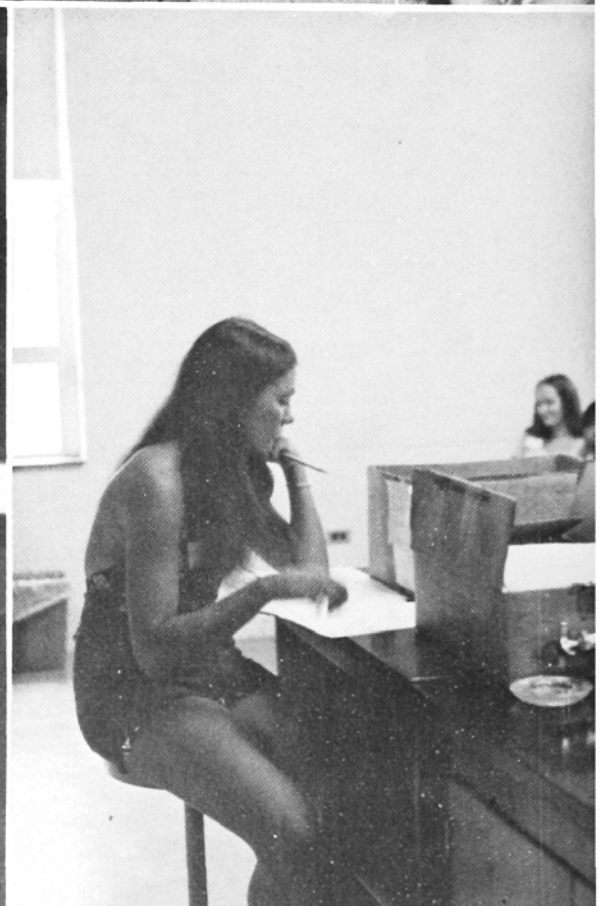

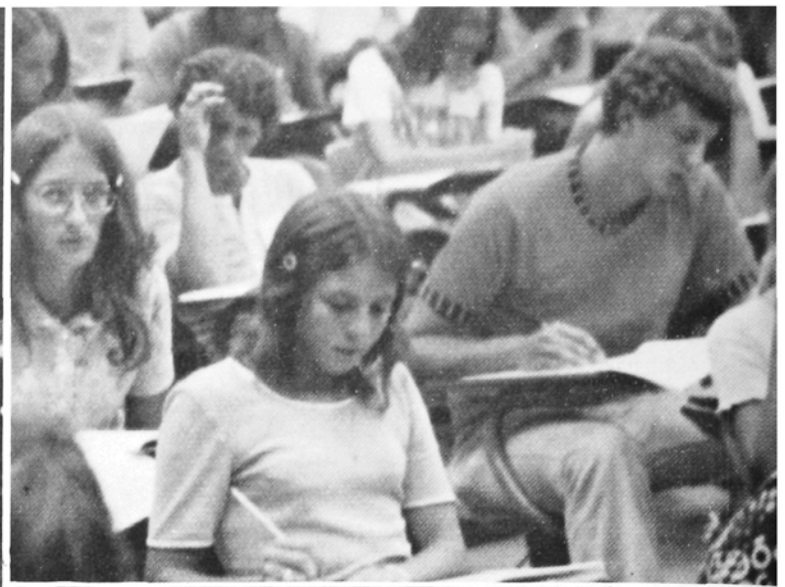

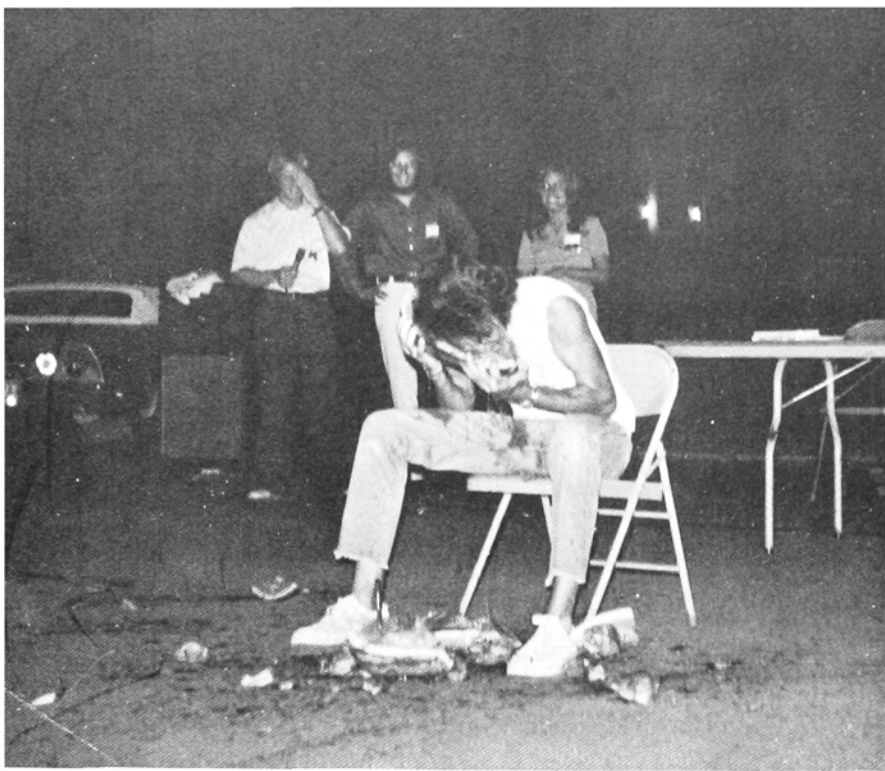

They learned that we can spend our time worrying about what we wanted to do but did not do, and in the process never finish anything. Or we can take life as it is and begin now what we want to have finished tomorrow.

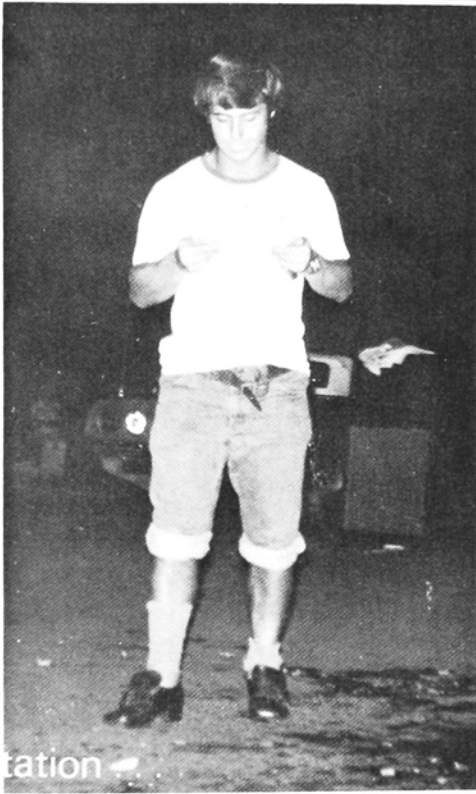

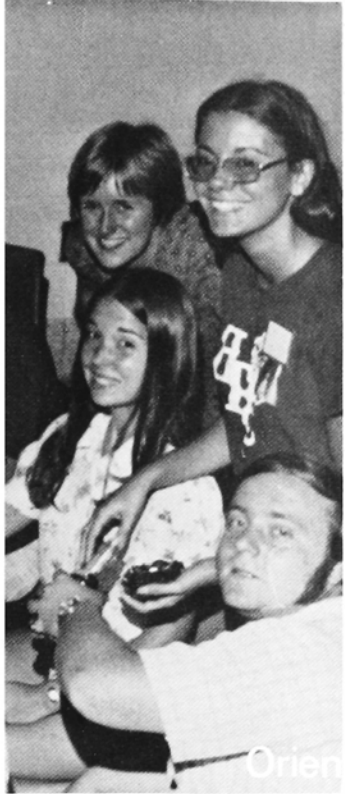

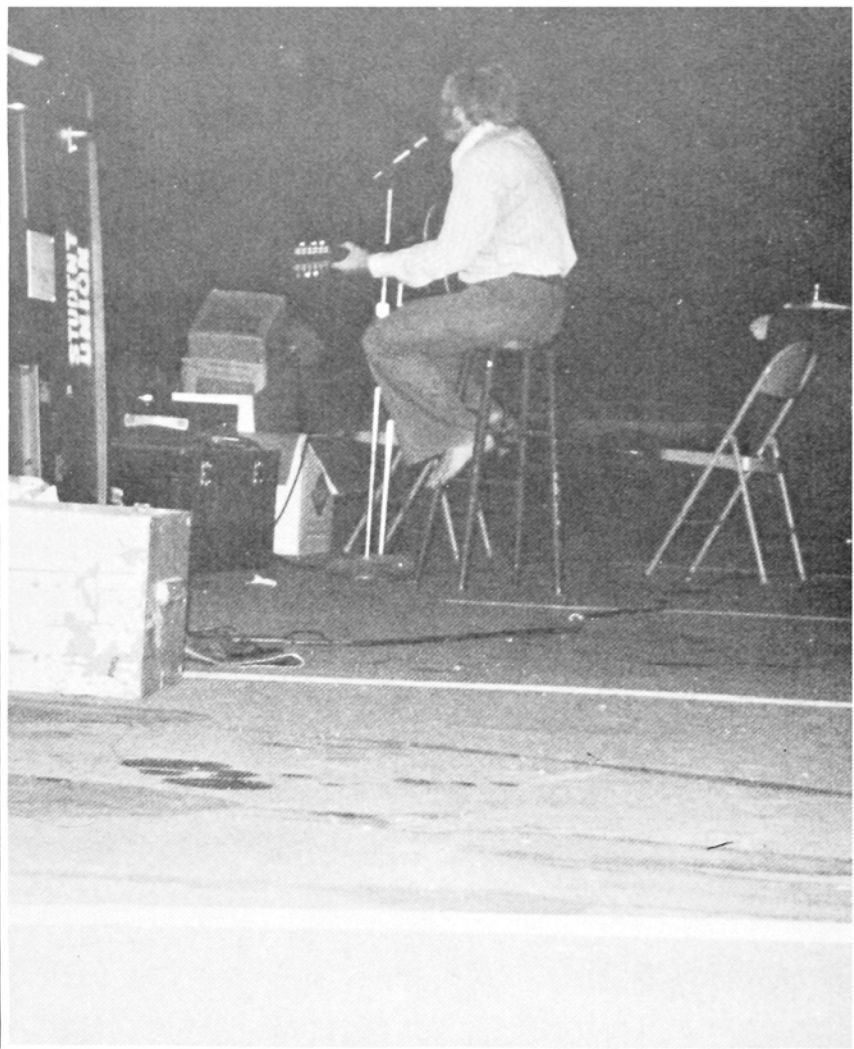

As we celebrate the fiftieth year of High Point College, we pause for a moment of reflection to look at our past and see how we have grown and changed. We must continue to grow, learn and if need be change . . . Not reaching for the plateau of mediocrity, but the never ending peak of excellence . . . Not content with what we have done, but looking forward to what we will do, never stopping long.

GREEKS ON THE GO

PANHELLENIC COUNCIL

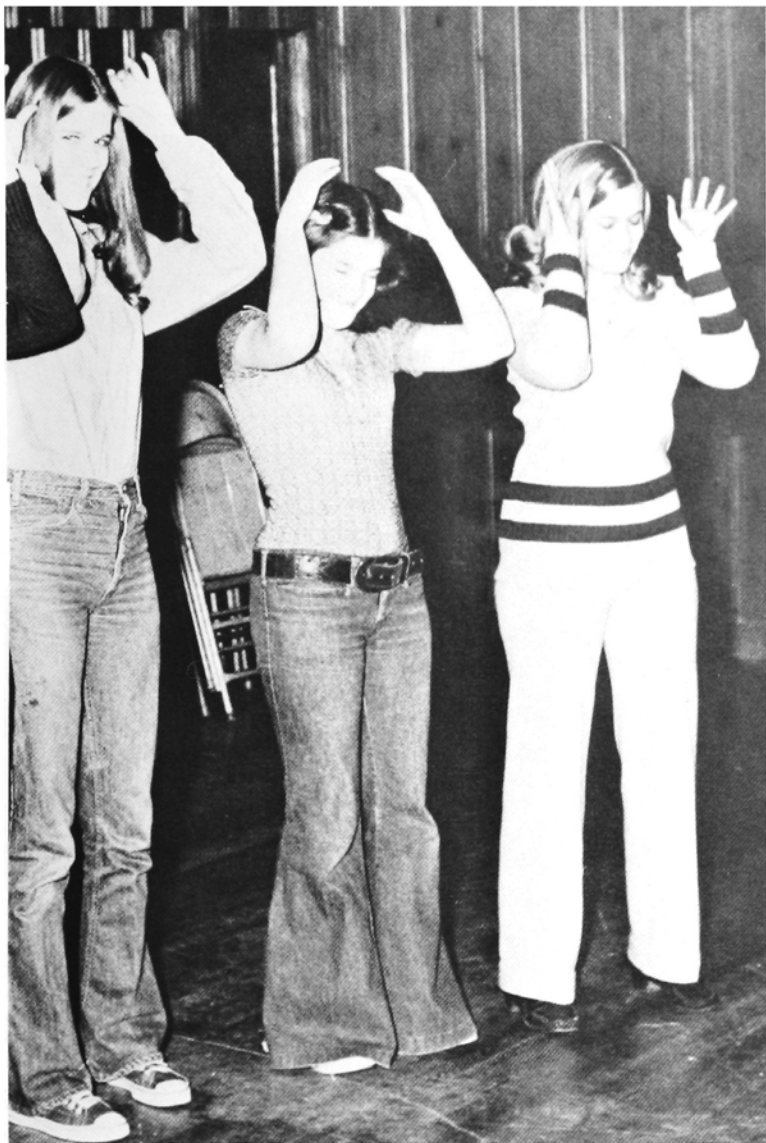

The year started off well for the Panhellenic Council with a really good rush. Alpha Gamma Delta got 16 pledges, Kappa Delta got 7 pledges, Zeta Tau Alpha got 12 pledges, and Phi Mu got 9 girls. Just look at all those Greeks! Problems, problems, problems! We finally got moved from our old house into our new lounge and now we are in the process of renovating it. Is there a solution in sight? But that's alright — with our united Greek effort we'll muddle through just fine. Through our Greek spirit we had a great Christmas Party and planned an Intersorority dance.

Rush rules, meeting, and reports along with our fearless leader Kathy's hard work have all made Greek life a happy and rewarding experience for all.

Front: Lynn Caldwell, Debbie Harrington, Kathy Brendle, Cindy Nulsen. **Second:** Mrs. Betty Corns, Kathy Gilbert, Barbara Abrahms, Linda Hartman, Peggy Petree. **Third:** Susan Hartley, Kathy Nesbitt, Debbie White, Pam McCulloh.

The I.F.C. tried a new concept in regard to Rush for the 1973-1974 school year. It adopted the "suspension of all formal rush rules" with the time designations for Drags, Open Houses, and Stags remaining intact. With this relaxed atmosphere, the fraternities reached unprecedented heights in recruitment of new members.

The I.F.C. responded to the unemployment situation of the High Point area in regard to the maintenance of Millis Dorm. There are three so-called "Sanitary Engineers" at work in the dorm which are Greeks who were willing to share the responsibilities of the upkeep of Millis Hall. This situation has drastically improved the living quarters and morale of men residents residing in Millis Hall — both independents and Greeks alike. Our thanks go to Mr. Jack Thompson and the Maintenance staff for their fine cooperation in the upkeep of the dorm and also for entrusting us with responsibilities.

This just may be the only dorm in the U.S. which is governed by Greeks, administered to by Greeks, and maintained by Greeks.

What is Alpha Phi Omega, at High Point College? A.P.O. is Bloodmobiles, Book Exchange, Student I.D.'s, Faculty Teas, and many other campus services. Brothers of A.P.O. are involved in all aspects of campus life — Student Legislature, Student Union, Student Government, Board of Trustees, *Hi-Po*, *Zenith*, SCA, band, Tower Players, Humanics, Dorm Councils, Jaycees, P.E. Majors Club, and many others. Although A.P.O. is a campus organization, we do participate in many community activities. In all of our associations we try to establish our principles of leadership, friendship, and service.

Alpha Phi Omega means more than principles — we are Brothers. Since we are, we have become to know more about each other than we do about ourselves. Such things as — Hemby — brace yourself! Hey, Tom, where's the whiskey? Lawson — give us a break! Woody can charge it at Thalhimers. Admit it, Greg, you're a career man! How does John stuff a Polish turkey? Green, you Hoe! Mac . . . snow cone! Bruce plucks turkeys like tomorrow's Thanksgiving. Got a cigarette, Mike? Ben . . . Amen! Is that training wheels on Jerry's ten speed? Truex . . . ring once . . . call back in 5. Rags . . . treat it at home. Gart . . . soon to be Mr. and Mrs. Gart. Sid . . . no deposit — no return. Friday — hung over till Saturday. Fuller — clam up (CLAM UP!) Peder — UGH! it's cold out there. Ned — bomb in the courtroom. Keith — speak up! Rick — if it's good enough for Richard it's good enough for me.

Gamma Eta's year started off with a great rush and a top pledge class. Hovie did a good job even though this is only her home away from home. Next year the tennis courts just won't be the same without K.P.'s legs. Mrs. Marte, is your car still leaking? Hey Elaine, did you and Phantom Jamie ever get rid of that cricket? After four years, we can still find Lana groovin' at the Cove. Patti Drew had a keen eye that was the right place for her social committee to meet. Royals, countdown - 5, 4, 3, 2, . . . when will it be one? Aunt Lil is making more music off campus this year. Sues come lately and bring your potato chips. Peg Leg Sal, how'd it really happen? This year Dianne's room is a forest of work! Farm Queen Bonnie, tell us how to use a stick shift. Caroline — Chief Booger in her gym shorts. Seymour says "Burp!" Sweetshop Donna, keep those cubes flashin'! Sing us a foxy song, Cathi. Patty G. keeps that year-round sunshine — even if it hurts.

And because of all these things, we love Alpha Gam.

The Sigs once again had a successful year starting the year with twenty-eight members and ending with fifty-six. We felt that we had a very prosperous year of rush.

Wedding bells are ringing for Lyle, and also for Gart. Kevin and bleep bleep Eddie finally found brotherhood. Has anyone seen Big Al lately? Tingle gets the old rope trick, and wizzes around on a Harkey. Hugh got snaked, Willy got a haircut and a new hat, Huffer and Sue say TOYS-R-US. Ricksley adds a new page to the black book and H.B. gets the O.K. Old man Dillard meets Smitty Duck. Is Joe gay? Since Hardy got a car this year he's NEVER around . . . Phaiah plows I-85, Goode finds a solution to the Natural Gas crisis . . . Woptional and I've been pimped, alias Thom McAn and Buster Brown. G.K. keep smiling, T.E. wants to know if Greg can come out and play. Huffer and Al, why did you buy those hockey sticks? T.M., where do you go on those midnight walks? Stan, did you ever find that heart beat?

Once again we end the year the best way we know how by heading to Cherry Grove for our Sailor's weekend. This has been a year that none of us will forget.

The KD'S of Gamma Gamma chapter have all had a very productive year. Rush, parties, dances, and love in AOT have brought everyone closer than ever before.

This year Barb has decided that a lavalier is better than that blue robe . . . as Rinda found it Hertz to wait around for those late dates. Susan, how many pennies have you collected now? And Charlie, how fast is the U.S. mail moving? Bones, we anxiously awaited your membership into the club . . . as Scuf ambles into lunch with her bugs — Ginny, Kink the Chink, and Brenda, should we forward your mail to the Cove? With Carol and her corn we have Monday-Friday nights at the movies. Peg, why don't you change your sheets as often as you change your clothes? Sharon, say a little prayer for us. Joyce, how many grams are in a beer? . . . and Trouper, don't you wish Ohio was as close as the gym? In memory of Amy's days at HPC we are giving a statue of her to . . .! Linda, who is that "Peeping Tom" at your window, and Whayland, are you still waiting for Wayne?

As the year ends, there will always be white roses, diamond pins, love and friendship in KD.

LAMBDA CHI ALPHA

During the 1973-74 academic year, Lambda Chi Alpha had one of its most prosperous years. This year began with the largest rush in its twenty year history with 21 new associate members. As the year progressed with such activities as the annual brother v. associate member football game, a car wash, and entertaining the Rogers' family for a Christmas they might not have had, the members of Lambda Chi Alpha grew stronger in friendship and desire to help others. Our Chancellor, Dr. Gratiot has expressed that in his ten years with the fraternity that this is the largest he can ever remember it being. We are striving to maintain our traditions, principles, and ideals even with such a large fraternity.

Fifteen seniors will be leaving us the end of this year to make their venture into the wide world of life. We express our most deep concern and hope that each can find a useful part of this American society, and use the education that they have so long worked to obtain.

Our future poses one of complete optimism. With at least 41 members returning next year we plan to continue our services to the less fortunate and maintain our motto, "Vir Quisque Vir" which means "Every Man a Man."

This year has held many memories for sisters in Phi Mu. There's so many thrills that we don't want to forget. Needless to say, everyone had a blast at the pledge dance. The year started off with a bang from orientation, to trick or treat for UNICEF, to the Christmas party at Pat's house, the sister's dinner and then on to Phi Mu weekend. After a long wait Jewett finally got her diamond. Has Terry found her Yule Brenner yet? Mary, isn't it getting cold for the fan in your window? This has been an exciting year for Cheri keeping the road to Annapolis, Md. hot. Diana is still carrying her 44's around. Becky still studies a lot? We finally found where Chilton and Lee go on weekends. Nebo? Well, hello Donna where did your hair go? What's in LR that keeps Debbie commuting? Dwyer's started working as an understudy to nature? Lynda's this year's hall exhibitionist. Lost weight working in the snack bar? How many pounds was it, Bean? Chick's everybody's sweetheart especially Paul's. When Bush leaves is Spence going to move in? Bush is trying to hear the wedding bells. We never thought Janice would get a new Theta Chi shirt. Long time no see, where's little Stack? June, what does the shower look like from 404? Robin might be number one in teaching if she can get up in the morning. Nancy's on her way down the aisle. Where did you find your Honda car Tonya? Linda don't forget Sadie said a little snort never hurt anyone. And we end our year with Pat sliding into the shower.

ZETA TAU ALPHA

It seems that everyone in the Delta Gamma Chapter of Zeta Tau Alpha is on the go this year all the time. However, the energy crisis is cutting the number of Chicken's trips to U.V.A. She and Susan roam the halls weekend nights looking for guys, while Skeeter and Elaine spend their weekends elsewhere. Lately Maria, Annie H., and Joyce have been spending all their days, and nights too, playing at plays. And Arthur never could have done without Pam's Tree. Lib's trying to handle our 13 lively pledges, while Sue is trying to do the same with the freshmen. Lydia's tutoring, Pam's doing Kiddie Projects, and Struckell stops in occasionally to play some records. Amis is out losing money, while Jan and Heavy sit around sewing. Watching TV with Annie G. is possible, unless Smith drags you off to play in the intramurals. There you'll find Lynn dreaming of nice days and golf and tennis and Chuck dreaming of one day driving her new car without it falling apart. Dianne and Phyllis dream of those they found "Deep in the Heart", while Trish rushes around exclaiming, "I LOVE EVERYBODY." That's a summation of our sisterhood in Zeta — we try to develop our individual talents while retaining our loyalty to each other under our patron goddess Themis.

PERSPECTIVE

The 1973 Cross Country team concluded another successful season, continuing its reign as District 26 champs. Led by co-captains Mike Turmala and Joe Meek and with the help of a group of strong freshmen the team fought to the championship. The team started the season with a 27-29 victory over Campbell, and went on to place 5th in the Pembroke Invitational, 4th in the West Georgia Invitational, 4th in the Davidson Invitational, 10th in the N.C. State Meet, and then the District 26 win. The Cross Country Team finished the season with a 3rd place in the Area 7 Meet. Bob Davidson should have a strong running team next year, which will include all of this year's team.

PERSPECTIVE

Having completed its best season in three years, the HPC soccer team finished a respective 4-6-2. They worked hard all year to improve on the past two seasons and accomplished a first round berth in the District 26 Playoffs losing a tough to Guilford, 3-0. In his second year of coaching Ray Alley's soccer team has vastly improved. The team finished the first half of the season with a 1-3-2 record, and came back in the second half to win 3 games. The biggest win of the season was the 1-0 decision over Pfeiffer, which enabled them to move into the District Playoffs. This year's team final record doubles the total won in the past two seasons. Each year has shown an improvement and next year should be one of excitement along with one which will bring soccer back as a predominate sport at High Point College.

The 1973 hockey team ended with a 5-7-1 record contrary to the potential and enthusiasm of the women on the team. This year the coach of the team was Jackie Palmer, an excellent hockey player herself who returned to High Point after coaching here in 1971. The team represented High Point College in the Deep South tournament at Appalachian State University. Four members of the team were selected to play on the Deep South Team in the Southeast tournament at Sweetbriar College in Virginia. Those selected for Deep South I were: Jackie Palmer, center forward; Jackie Silar, center halfback; and Debbie Leonard, right fullback. Barb Abbott was selected as left fullback on Deep South II.

PERSPECTIVE

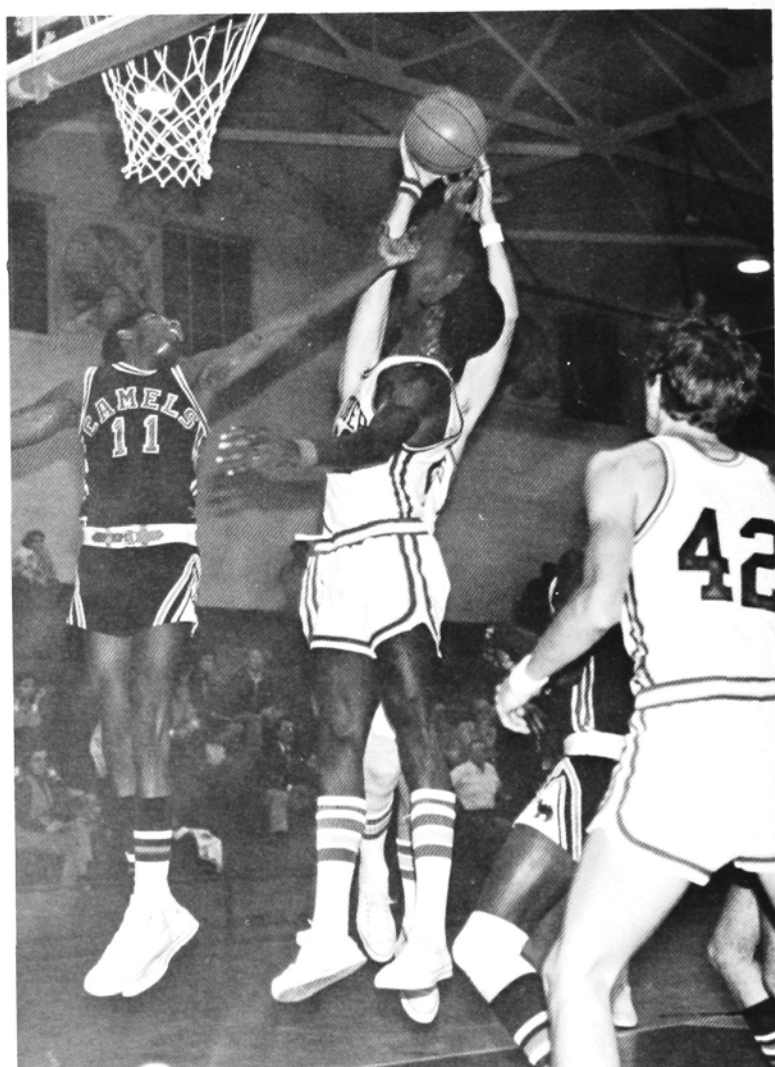

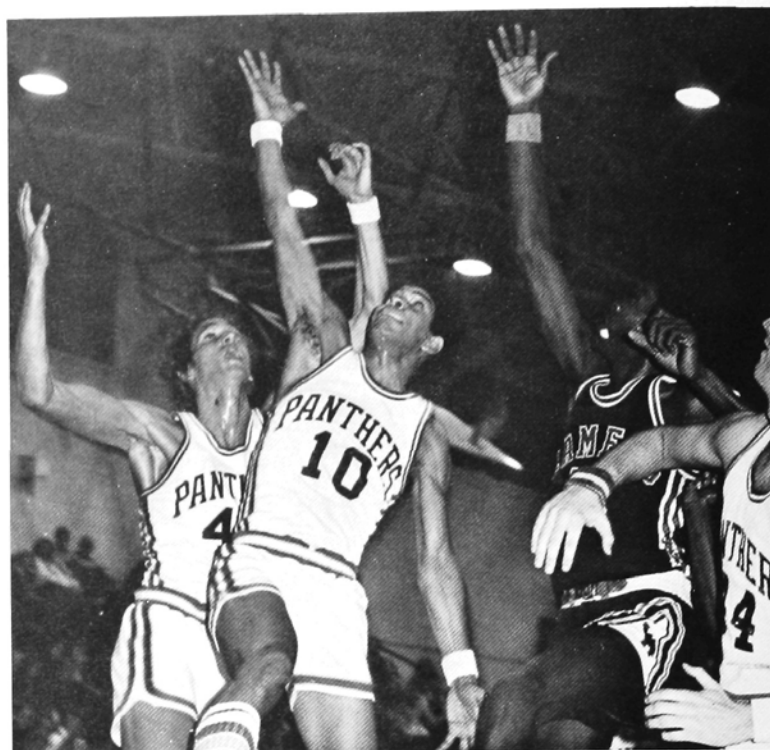

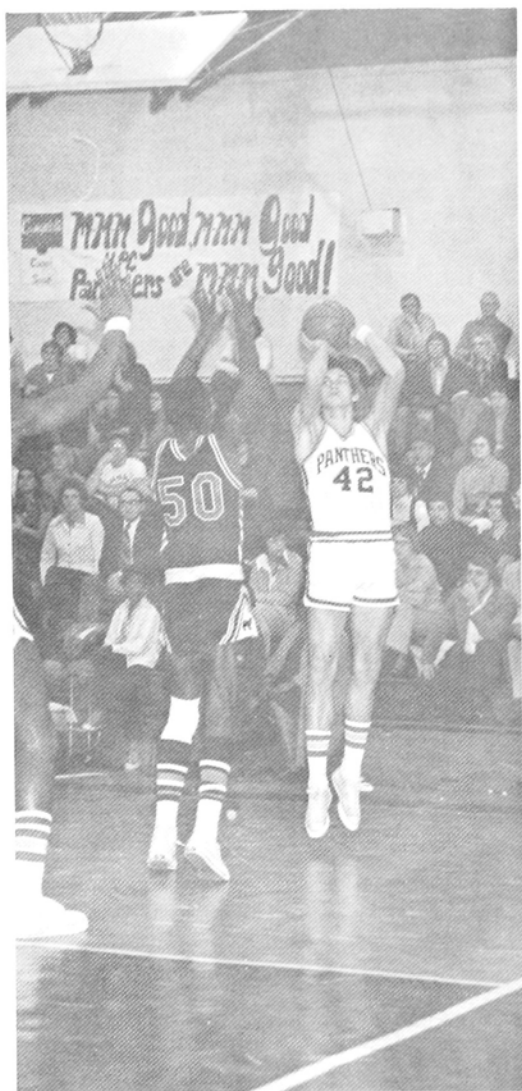

The 1973-74 Basketball season for the Panthers was one of disappointment, but one that showed promise for next year.

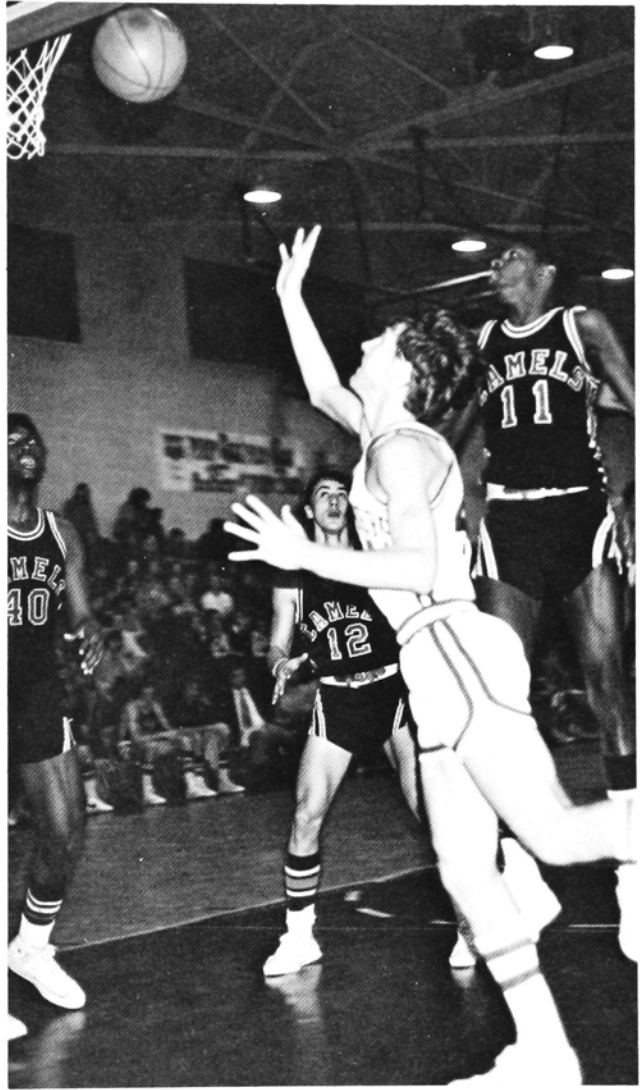

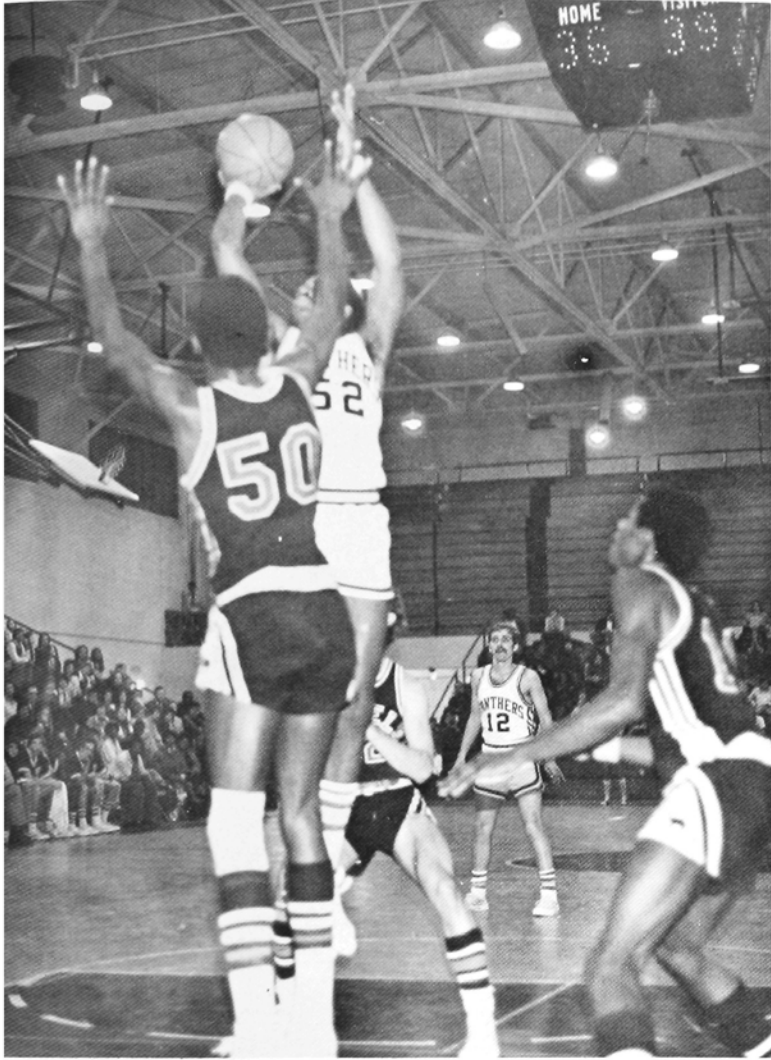

This year's 8-19 record is deceiving, considering fourteen of those losses were by less than three points.

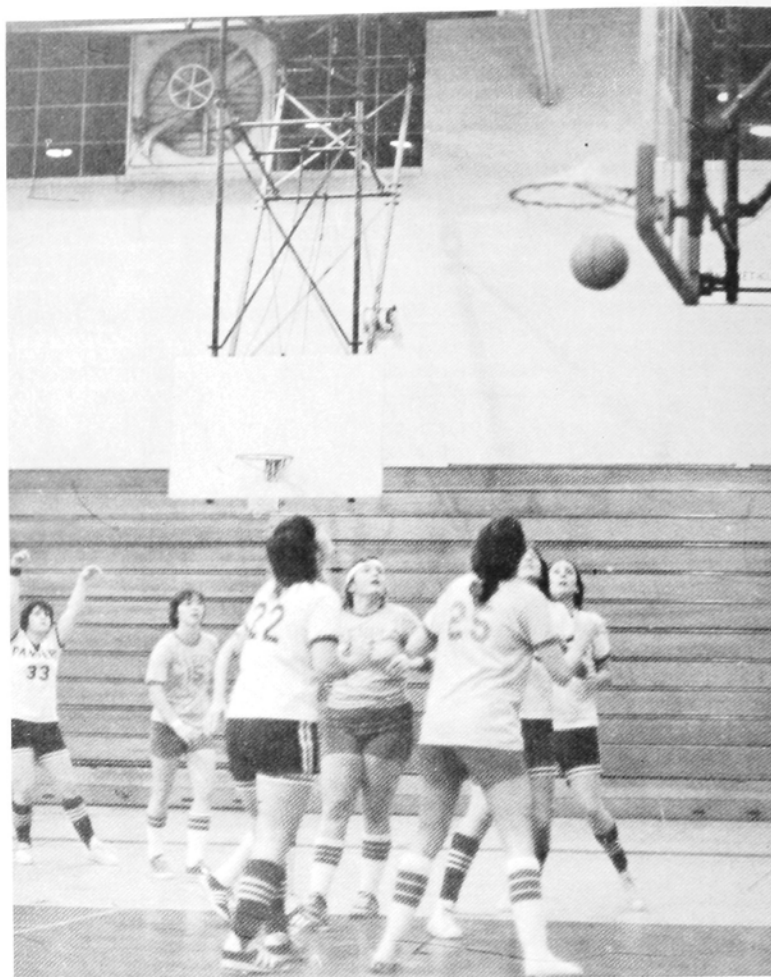

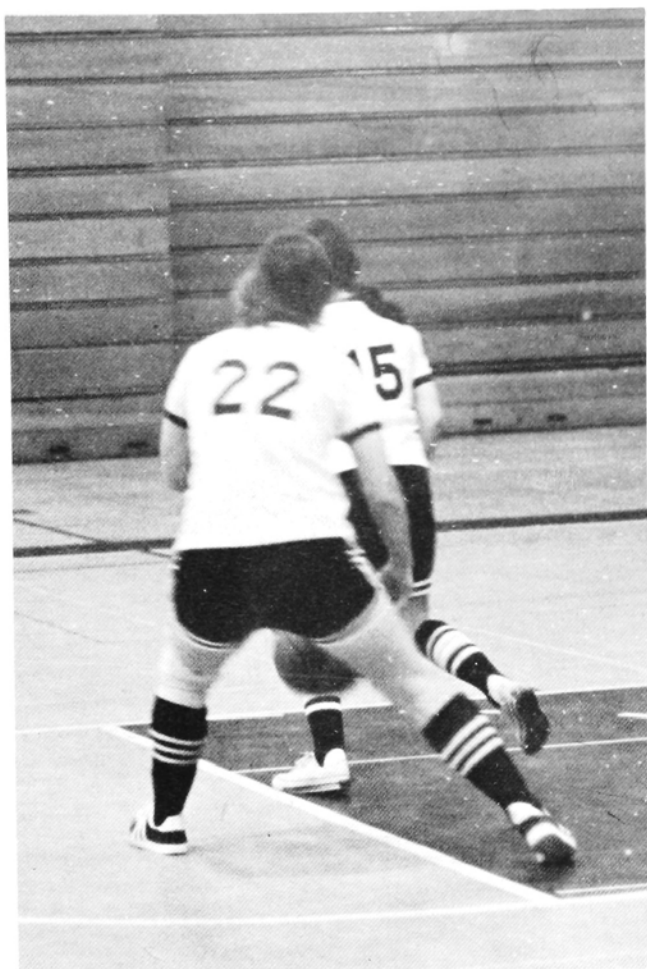

All Conference player Pete Collins and Jeff Stewart will be the only two leaving the Panthers. Collins, a two year member of the All Carolina Conference team and leading rebounder of the conference led the scoring this year with a 23.6 average. He holds the record for a career in rebounding at High Point College with 1270. His point total for four years is 1838. His average this year was the best for Pete since beginning his playing career for the Panthers. Stewart was a transfer from Wake Forest, where he played one year of Varsity ball there. He really excelled himself in the final games this year.

Looking ahead, Ray Coble and Pearlee Shaw should provide some good scoring for the Panthers next year. Both were freshmen signees last year. Paul Mattox and Gregg Bennett will be the returning seniors next year. Both saw starting roles this past year. Mike Glover and Paul Cloud round out those returning next year.

Head Coach Jerry Steele and assistant Bill Davis have something to look for next year, and with a little work, will be contenders for the title.

PERSPECTIVE

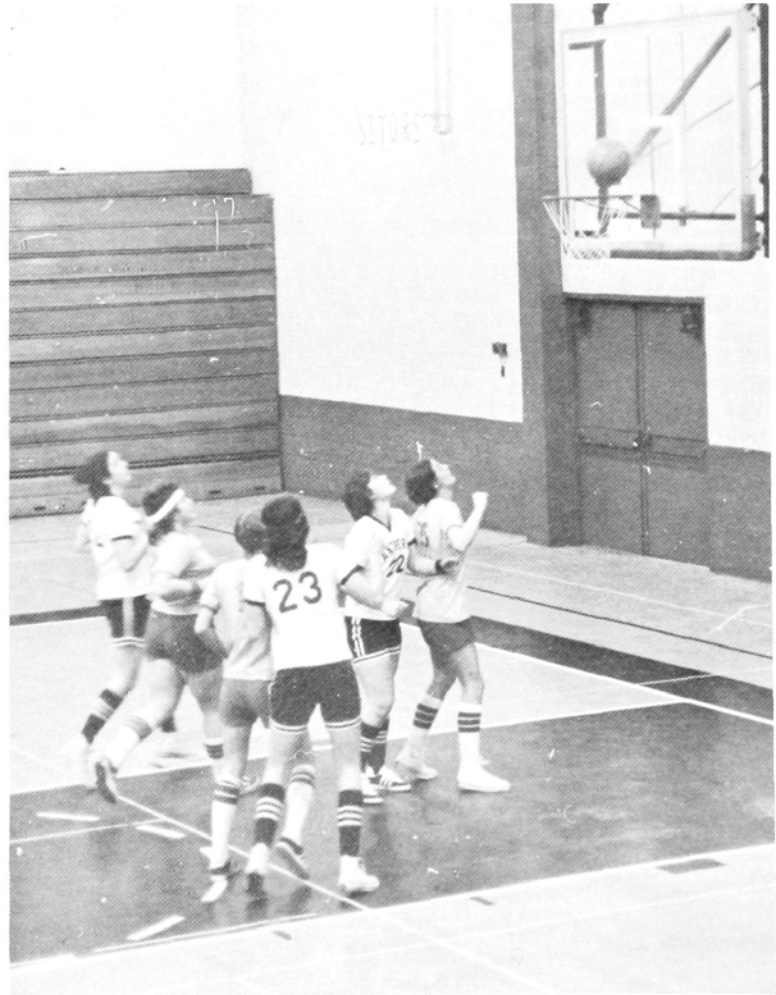

The Lady Panthers opened up their season this year with a win over Catawba 45-29, but were only 5-16 for the season.

They suffered a 55-54 setback in the tournament in Greensboro, losing to Eastern State University. They had opened the tournament with two wins, one coming over Meredith 53-33.

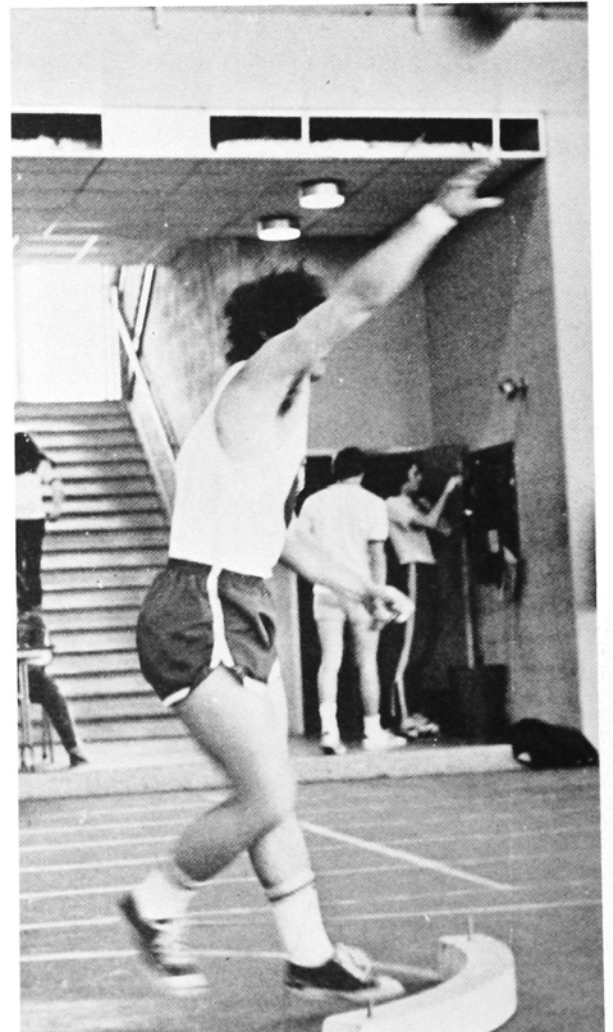

Next year's squad will have to go without senior lettermen Jackie Silar, Debbie Leonard, Bernice Holland, Jo Ann Stowers, Debbie Pitts and Tesi Kimartin. Returning will be sophomores Debbie Madden, Barbara Abbott, Lynn Pitts and Ann Lombardi.

Coach Jennifer Alley will begin work on next year's squad and will be looking for some new faces to fill the vacant spaces left by the graduating seniors.

OUTLOOK

Viewing this year's team just a few things can be said about the upcoming season. Due to the loss of one of High Point's strong performers last year Bob Phippen, it first seemed as if this year the team might be lacking in some areas. This assumption has proved false. After the completion of the indoor schedule the Panther Runners seem to be on their way to be able to dominate small college track again, as the years past. Records of the past three years show Conference wins in '71 and '72, and District wins in '72 and '73. The only thing that can be said is that we wish the team the best of luck, so as to make all the miles of running worthwhile.

OUTLOOK

This year the Panther's baseball team will be shooting for its sixth straight conference championship. Going into this year's schedule Coach Chuck Hartman brings in a five year record of 141-40 and a good chance to take the title.

Oits Foster and Bob Worthington are two of the stars coming off of last year's team, which was 16th in the nation. Both players were selected to the all conference team and all district 26 selections.

The team will be inexperienced due to the loss of Joe Turnbull, Bill Updegraff, and Dean Boger, all of which were all conference and district last year. Even with these losses we still hope that the team is able to repeat its past successes.

OUTLOOK

As teams go the Tennis team would probably be in line for a best improved award, if there was such an award. This team has been brought from obscurity of a few years ago to a fourth place finish in last year's national tournament. This year's team looks to be stronger, what with a returning team of seven of last year's players. Also if the team is going to be able to look forward to the future with any hope it must therefore have some good new faces. In this area they are not lacking either because this year they will have seven new faces, many of these who will surely prove to be stars. So with such strength the only possibility is that they should do as good and hopefully better than last year.

GOLF

PERSPECTIVE

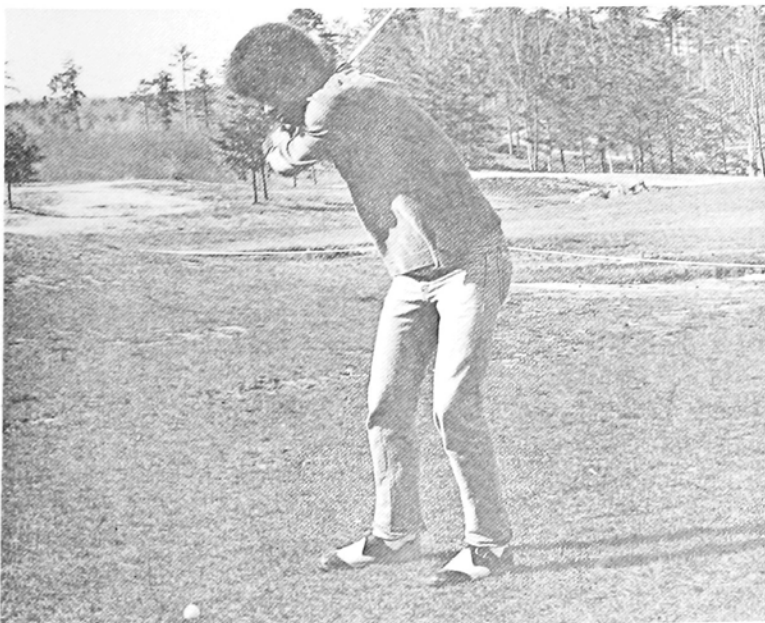

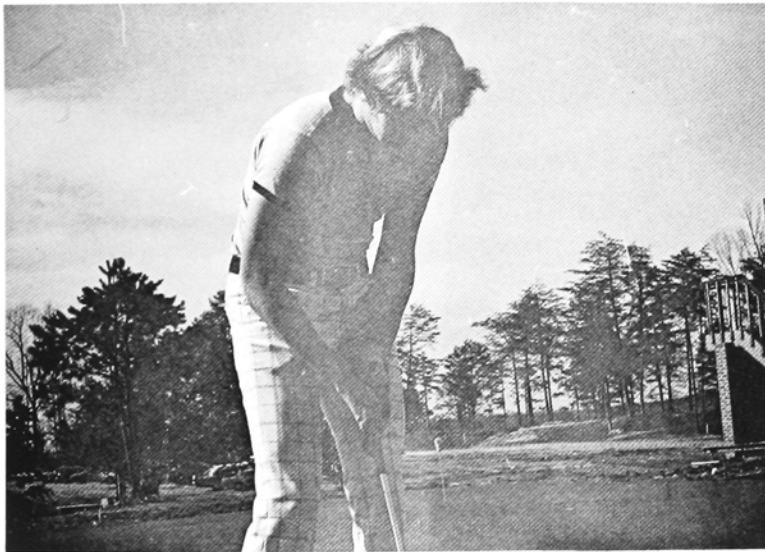

Golf as a whole has not been one of High Point's stronger teams; until this year. This year's team is returning four lettermen, of these three of them were the top three of last year's team. A team is not made up of just three people but of many more. From these many more comes the team's hope for a successful season.

Coach Marvin Sandifer states, "The prospects for winning are good this spring. The teams we play lost some people last year and we have a good nucleus coming back. We also have a lot of freshmen coming in who should help us a great deal.

One can hope that a team with such prospects can show their true ability as we all look forward to the Conference match.

STUDENTS FOR CHRISTIAN ACTION

A Christian's life is not only spiritual, but also physical and mental. Therefore, his activities cannot be confined to the church but must be found in all things. This year the SCA has continued to satisfy the spiritual aspect of life through Bible Studies, prayer breakfasts, and vespers, but has not ignored the physical aspects. These have been satisfied by many new and exciting activities from square dancing to local talent coffee houses.

American Humanics Student Association

Education for youth agency leadership is the purpose of the American Humanics Foundation sponsored program at High Point College. Some of the agencies offering professional careers in this field are Boy and Girl Scouts, Campfire Girls, Y.M.C.A., and Boy's and Girl's Club.

Students in the Humanics program are organized as the Humanics Student Association. In addition to regular college classes these students are benefited by special workshops and fieldtrip experiences.

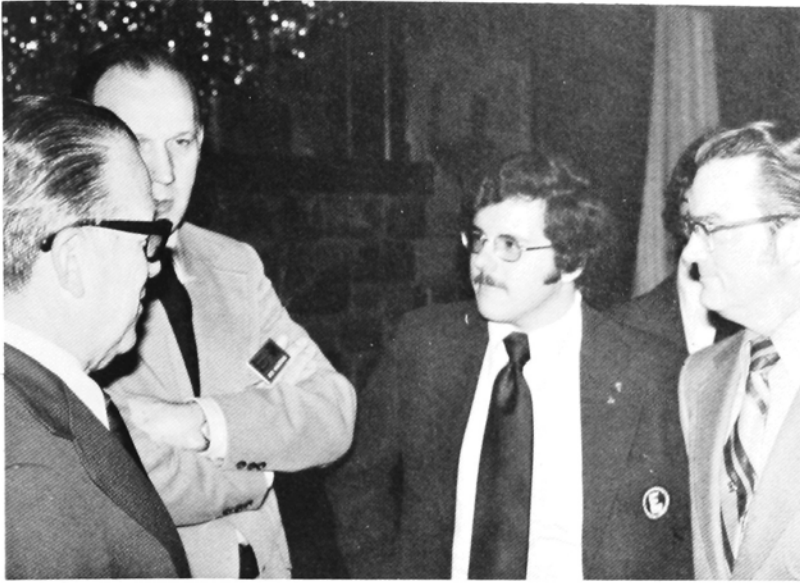

Highlighting this year's activities were the annual Fall Retreat, an Interim trip to Schiff Scout Reservation for a ten day workshop on agency finance, and a trip to the American Camping Association annual convention. The on campus workshops featured a vareity of speakers on topics of interest to agency directed people.

Second semester Humanics Student Association president, Alan Hunt, makes a point.

College and University students are becoming more and more interested in their surrounding environment. Disappearing is school spirit, trust in the Government, confidence in the future. Increasingly students are involving themselves in shaping their surroundings. This increasing involvement has been characterized by what is termed the student movement.

Circle K International is in the forefront of this student movement. It is a collegiate organization that spans the globe. It is the world's largest student volunteer group having chapters on more than six hundred campuses. It is an organization that is sponsored by Kiwanis International and which maintains self-Direction. Circle K International is the people organization.

TOWER PLAYERS

ACT I

The opening curtain reveals a new major at HPC — Theatre Arts. The Spring Semester of 1973 finds the department in a constant state of laughter and joy and shares this joy with the campus with their production of *See How They Run*. The Tower Players cast their ballots for new officers and the new Executive Council begins "rehearsal" for the next year.

There will be a Three Month Intermission

ACT II

Scene 1

Mrs. Raugh is back and Fall '73 brings a more complete Theatre Department. To celebrate HPC's Golden Anniversary, the Tower Players produce a golden play.

Camelot

Scene 2

In the winter of '74, the interim brings a "Beckett" course and the production of some of his plays, *Scrambled Eggs and Beckett*. Construction begins on the Old Student Center to renovate it to a multi-purpose and more suitable for Theatrical production. The Tower Players adopt a new emblem and are busier than ever with productions and organization of a stronger department.

ACT III

As the curtain rises on Act III, we find the Tower Players anticipating spring and the completion of renovation of the Old Student Center; arrival of CDA One Act Play Festival hosted by Alpha Psi; the institution of the new Theatre Arts Education Major; the production of our first realistic, historical play, *The Trial of the Catonsville Nine*.

The climax of our play is when Nancy Crocket and Linda Nauman receive the first degrees in Theatre Arts. But even after these girls have graduated there will still be more students, more plays, more years and more theatre at HPC.

This is an era of drastic change. We seem to be moving too fast, and at times we wonder if the speed and constant change are worthwhile. Where are we going? Some say to the future, some to the past.

High Point College has come a long way since that day in September of 1924 when it first opened its doors to those seeking the new heights and challenges of life. It has attained a milestone in an age when many similar institutions are faltering, some closing. It is not perfect, but then neither are we. We have grown, learned, and changed together making mistakes along the way, to be sure, but always looking forward to something better.

As we begin our second fifty years, we must address ourselves to our state of being. All of us at this institution have obligations to the future as well as to the past. We have the obligation to those who will follow us to continue the educational process, not only in the classroom, but in the wide range of experiences without which a classroom education would be meaningless. We have the obligation to see that this institution does not stop but continues searching for the best, challenging us to do our best as we join together to help High Point College reach high, never being satisfied with any final goal. What could be more important, we have the obligation to continue talking to each other, reasoning when we differ, but always listening. For this institution will die if we ever reach the point at which we can not discuss our problems and find solutions together. Those who are leaving have the obligation to take what was learned at High Point College, both the good and the bad, with them, to mold their experiences of four years here into their lives using the knowledge gathered to attain future goals and to better themselves.

If we fulfill our obligations, High Point College will continue into the next fifty years with the same spirit of birth, growth, and change which marked its beginning. If we forget, it will die a slow painful death, for what we have made here, with all its faults, will not survive without the people who made it what it is. For it is these people who are High Point College.
